INTRODUCTION

YAL AL-ARABIA IS 100% SAUDI -COMPANY

YAL AL-ARABIA is specialized company which involved in Valve Repairs, Testing & Cleaning Tank with over 02 decades of service to clients in Oil & Gas, Power and Infrastructure industry. It is strategically located at AL-JUBAIL, home to the Oil & Gas Centre of the Kingdom of Saudi Arabia housing all major clients and industry prime movers, giving us constant and close proximity to them for prompt and priority services at all times.

We have been pioneering Valve Repairs, Testing & Cleaning Tank works in successfully delivery quality services on time to our clients and customers. Over the years we have expanded our business operations in providing taking up the Mechanical, Electrical, Automation & Control Services.

With a core staff of experienced professionals and a team approach to most consulting projects, yal al- arabia will be able to offer a more balanced quality service than many of its competitors.

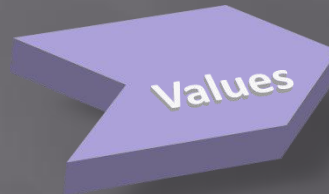

This has positioned it to become an expert in its field, delivering world-class services all over the Kingdom of Saudi Arabia completely aligning with the Kingdom's Vision 2030 road map.

To prosper together with customers, shareholders & employees, and to contribute to a prosperous society.

To become number one in the Service Industry, together with our innovative and highly dedicated workforce in delivering added value to our customers without compromising Safety & Quality.

Committed to ensure the realization of "Saudi Arabia's Vision for 2030." YAL AL- ARABIA is a 100% Saudi owned company, who believe in investing in our community and providing opportunities for all.

Quality Policy

We are Consulting and Supply Company in several disciplines with a commitment to delivering the highest standards of quality, safety and responsiveness in process equipment engineering and services provided to customers. Our policy is communicated to customers, employees, vendors striving to meet all expectations. Our team actively promotes this policy across all levels of Company employees and encourages them to embrace quality as their personal commitment. Errors or incidents shall always be reported to all relevant parties and are committed to an open reporting culture. Sharing of information on quality is encouraged and shall always cooperate with quality auditors for better quality environment.

Our team shall consistently strive to improve company quality through learning, sharing, benchmarking, innovation and participation in continuous improvement programs.

Our Quality Policy shall provide the framework for driving quality programs to inspire a quality culture of excellence, innovation and continuous improvement. We shall establish and maintain appropriate controls and conduct periodic reviews to meet our quality targets.

MAJOR PROJECTS

- *Electrical Substations*
- *Asphalt work(road work) , Concreate roads,bridge & tower work*
- *Cable pulling ,termination for street lights-SEC,aramco and nan-aramco.*
- *Refineries for all ,*
- *Engineering civil work*
- *Dewatering, landscape RC,SABIC,ARAMCO*
- *Fabrication work*
- *Plant MEP ,Industrial support,tourqing work,tensioning work.*
- *Petrochemical Industries disposal.*
- *Precast all kind of foundation,ladderblock,RCC*
- *Testing for industrial work, pipe line work(hydro test,monometer test,flow test,hydraulic air test.....)*
- *Scrap -sales & buying(exporting & importing)*
- *Steel Buildings*
- *Steel Gantries & Towers*
- *Vessel Platforms & Ladders*
- *Steel Silos, Storage Tanks & Small Pressure Vessels*
- *Pipe spools*
- *Ducting, Stacks & Chimneys*
- *Casings, Buckets, Wall panels, Hoppers, Chutes, Cyclones*
- *Stainless, Steel/Aluminum/Fabricated/structures & Equipment*
- *Customized Containers for Offshore(export & import)*
- *Portable Cabin for accommodation and office rental,sales & service*
- *VILLA WORKS(END TO END).*
- *Ring Main Units (RMUs)*
- *Motor Rewinding*
- *Extended Oil Switches (EOS)*
- *Oil filled transformers maintenance*

Manpower Support:

We can provide skilled craftsmen on an as-needed basis to assist any plant with routine repairs, up-fits, and modifications. Emergency response services are also available.

Equipment Leasing & Transportation

YAL AL-ARABIA Equipment leasing fleet comprises modern, strictly maintained equipment for a variety of applications. The equipment can be supplied with or without operators, with on or off-site service support tailored specifically to the client's requirements. The YAL AL-ARABIA Leasing fleet comprises the construction and industrial variants.

SERVICE FOR TRANSPORTATION, EQUIPMENT & MANPOWER

In-Line Valves Troubleshooting

Our team of experts for In-line valve maintenance are present efficient and advanced procedure in:

- Emergency Valve Sealing
- Seized / Hand-to-Turn Valves
- Body Leakage
- Actuators & Controls

Emergency Valve Sealing

The technology used by Maintenance care allows the technical team to perform the valves sealing while the valve is in service under pressure.

- Internal Passing/Leakage
- Stem leakage
- Valve body leakage
- Valve fitting leakage
- Body to Bonnet leakage

Valve Overhauls and Repairs

MC offers complete overhaul solutions for valves and its operators. We provide servicing, repair, overhauling, spares support and retrofitting for most types of valves. We not only provide repair service, but also manufacturing of valves accessories.

Our MC repair facility is equipped with the latest tooling and technology to repair and recertify valves. We discuss and review options and alternatives to provide the most effective solutions for our clients.

Acoustic sensor with quick-clamp.

- ❖ *Carrying bag for the pump, laptop and small accessories.*
- ❖ *Cables and hose assembly set (communication. between control box -test bracket), length 10meter.*
- ❖ *Robust, industrial laptop computer with Windows 7 Pro and PreVenTest Software program with extended safety valve*
- ❖ *database installed.*
- ❖ *Premium industrial wireless module. (wireless testing at distance from the valve)*
- ❖ *Unlimited access to Web Service Portal, for new seat diameters, software upgrades etc.*
- ❖ *Operation manual including test and calibration certificates.*
- ❖ *Packed in (1) Canvas bag and 2 robust (trolley) cases.*
